PROFILE

PHP Developer (Laravel & Wordpress) with 1 year of hands-on industry experience in developing, customizing, and maintaining dynamic web applications. Strong experience in WordPress development, custom forms, Stripe payment integration, and Elementor-based UI development, along with working knowledge of Laravel MVC architecture, PHP backend development, MySQL databases, REST APIs, and AJAX. Experienced in delivering real-world education and student-management platforms.

PROFESSIONAL EXPERIENCE (1 Year)

PHP Developer (Laravel & Wordpress)

Softsuave Technologies | 2025 - 2026

Project: Socrat (Laravel)

- Developed role-based dashboards for students, teachers, parents, and administrators using Laravel.
- Implemented class creation, assignment management, and student enrollment systems.
- Built Live Pulse assignment features using Pusher with real-time synchronization
- Used AJAX and JavaScript to deliver real-time interactions and improve user experience.
- Implemented real-time synchronization between teachers and students using Pusher with Laravel events and broadcasting, enabling instant question and assignment updates.

Project: ThinkPuzzle (Laravel)

- Built backend logic for class management, quizzes, assignments, and surveys using Laravel.
- Developed RESTful APIs for student profiles, assignments, quizzes, and analytics.
- Implemented authentication and role-based access using Laravel middleware.
- Optimized MySQL queries and Eloquent relationships for performance.
- Migrated users and related data from the legacy ThinkArguments (WordPress) system to ThinkPuzzle (Laravel) by developing secure REST APIs for seamless data transfer and system integration.

Project: HDCSW (WordPress)

- Developed a step-based student registration system using WordPress and Formidable Forms.
- Implemented conditional workflows for application steps such as personal details, document uploads, medical forms, and logistics.
- Integrated Stripe payment gateway inside Formidable Forms to handle secure online payments.
- Designed and built multiple admin and student views using Elementor, enabling administrators to easily review and manage student information.
- Created student portals and admin portals to track application status, payments, and submitted data.

TECHNICAL SKILLS

- **Frontend** : HTML5, CSS3, JavaScript , AJAX, Bootstrap.
- **Backend** : PHP 8, Laravel , Wordpress.
- **CMS & Tools** : Wordpress , Elementor , Formidable Forms.
- **Payments** : Stripe Integration.
- **Database** : MySQL
- **APIs** : RESTful APIs, AJAX
- **Tools** : VS Code, Git, Jira.

EDUCATION
