PROFILE SUMMARY

Frontend Developer with strong foundational knowledge in HTML5, CSS3, Bootstrap, JavaScript, and React JS. Skilled in creating responsive, user-friendly web interfaces and implementing clean UI designs. Hands-on experience with building webpages using modern layout techniques and interactive features through DOM manipulation and event handling. Highly motivated to start a career in the IT industry, with a strong interest in frontend development and UI design. Quick learner with a problem-solving mindset and a passion for continuously improving technical skills. Able to work independently as well as in a team environment, with a focus on writing clean, maintainable code and delivering quality user experiences.
