SSLC

STRENGTH

- Self-Motivated learner with a Positive attitude
- Effective Time Management Skills
- Strong Analytical and Problem - solving skills

SKILLS

- SQL
- Manual Testing
- Functional Testing
- Automation Testing
- TestNG
- Java
- Postman
- API Testing

SUMMARY

Entry-level Software Tester with hands-on knowledge of manual testing, SDLC/STLC, test case design, defect life cycle, and Agile methodology. Recently upskilled through practical testing projects, including test case preparation, execution, and defect reporting using JIRA. After a planned career break, now fully committed to restarting a career in software testing with strong attention to detail and a structured testing mindset.

RELEVANT EXPERIENCE

SOFTWARE TESTING TRAINEE

Qspiders-Software Testing Training Institute

Sept 2023- May 2024

- Learned manual testing concepts: SDLC, STLC, test case design, defect life cycle.
- Created test cases for login, registration, and e-commerce modules.
- Logged and tracked defects using JIRA.
- Performed functional, regression, and smoke testing.
- Basic SQL queries for data validation.

PROJECTS

Manual Testing Of Online Shopping Application

Nov/2025-Jan 2026

- Tested web application modules based on requirements.
- Designed and executed test cases.
- Logged and tracked defects.
- Participated in sprint reviews.
