PROFESSIONAL SUMMARY

Motivated Python developer with internship experience at Besant Technologies and hands-on project work. Skilled in Python, Django, HTML, and CSS, with a passion for building dynamic and efficient applications.

SKILLS & ABILITIES

Languages: HTML, CSS, JavaScript (Node.js), Python
Database: MySQL, MongoDB
Tools: VS Code, Git, Sts, Postman, IntelliJ Idea
Frameworks & Libraries: React.js, Bootstrap, Django, Express.js.

PROFESSIONAL EXPERIENCE

Besant Technologies - Intern | Python Developer Jul-Sep 2025

Implemented data processing scripts using python. Integrated python-based solutions with existing system Gained valuable insights into best practices and industry standards for python development.

PROJECT EXPERIENCE

1. Bike Sales E-Commerce Website – Full Stack Web Development React.js, Node.js, Express.js, MongoDB Aug-Sep 2024

Built a complete full stack e-commerce platform for bike sales:
Developed front-end using React.js with dynamic routing and state management. Created RESTful APIs using Node.js and Express.js. Integrated MongoDB for storing products, users, and orders Implemented authentication (JWT), cart functionality, and admin dashboard. Ensured fully responsive and mobile-friendly UI.

2. Academic Project: Deep Key Gen – Medical Image Encryption & Decryption Python, TensorFlow, OpenCV, NumPy Jan-May 2025

Developed a secure deep learning-based encryption-decryption system for medical images using Python, OpenCV, and TensorFlow. Applied CNNs for key generation and image reconstruction, supporting DICOM formats. Ensured data privacy in telemedicine through robust testing with metrics like accuracy, PSNR, and SSIM.

3. Nexora Banking Application – Full Stack Web Development React.js, Django REST Framework, MongoDB, JWT Jul-Sep 2025

Developed a secure banking application with expense categorization (food, shopping, travel, bills), spend analytics dashboard, voice banking commands, fraud and budget audio alerts, and an offline wallet with QR-based fund transfers. Integrated JWT authentication, real-time CRUD operations, and deployed the full-stack solution online.

INTERNSHIP

1. Front-End Developer Intern | AK Info Park, Parvathipuram, Nagercoil Aug-Sep 2024

Built responsive UIs using HTML, CSS, JavaScript, and React.js. Integrated APIs and collaborated with the team on real-time projects.

2. Backend Developer Intern | ALO Infotech Pvt Ltd, Nagercoil Mar-Jun 2025

Built RESTful APIs using Python/Node.js with MySQL & MongoDB. Implemented authentication and tested endpoints with Postman.

EDUCATION

Bachelor of Engineering in Computer Science
CSI Institute of Technology, Thovalai, Kanyakumari District
2021-2025 | CGPA: 8.4/10.

CERTIFICATION & AWARDS

1. Python Full stack development Course Completed | Besant Technologies - Chennai.
2. Completed Backend Development Internship Certification | ALO Infotech Pvt Ltd - Nagercoil.
3. Completed Front-End Development Internship Certification |AK Info Park - Nagercoil.

LANGUAGES

Tamil, English.
