Skills

- **Flutter & Mobile Development:** Flutter, Dart, Android/iOS app development, cross-platform mobile applications, user-friendly user interfaces, responsive design, scalable software architecture.
- **State Management & Architecture:** Provider, BLoC, GetX, MVVM, MVP, MVC, Clean Architecture, GetIt.
- **Backend Integration & Web Services:** REST APIs, web services, GraphQL, JSON, Dio, HTTP, WebSockets.
- **Local Storage & Databases:** Hive, Sqflite, Firebase Firestore, Firebase Realtime DB, MongoDB Atlas, Supabase, PostgreSQL.
- **Tools & DevOps:** Git, GitHub, code versioning tools, Postman, Docker, Shorebird, Apollo Server.

Work Experience

Flutter Developer, SafaTech Integrated Solutions

Aug 2025 – Present

- Developed scalable, user-friendly Flutter mobile applications for Android/iOS with a strong focus on intuitive user interfaces.
- Built KARS app and Flutter Web admin panel using MVVM and Clean Architecture, working independently on core features and enhancements.
- Integrated REST and GraphQL web services with efficient JSON handling.
- Implemented OTA updates using Shorebird and optimized production performance.
- Used Git and code versioning tools for release management and team collaboration.

Flutter Developer Intern, Yuvabe – Auroville

Nov 2024 – Feb 2025

- Developed cross-platform Flutter mobile applications for Android and iOS.
- Integrated Firebase Authentication and Firestore with real-time JSON sync.
- Applied MVP architecture with Provider and BLoC state management.
- Built user-friendly user interfaces and animations to improve engagement.

Projects

KARS (Kuwait Amateur Radio Society)

Flutter mobile application for Android/iOS using MVVM and Clean Architecture. Designed responsive user interfaces and integrated GraphQL web services, JSON-based real-time updates, OTA via Shorebird, and a Flutter Web admin panel.

Doctor Meshal – Patient Education App

Offline-first Flutter app with scalable software architecture, user-friendly interfaces, GraphQL subscriptions, Firebase push notifications, and Hive storage.

Technologies: Flutter, GetX, MVVM, GraphQL, Web Services, JSON, Google Maps, PostgreSQL

Ring Sizer

Flutter Android application with 10K+ downloads, built using MVP architecture and clean UI principles.

Education

Master of Computer Applications

2023 – 2025

Sri Manakula Vinayagar Engineering College, Puducherry — CGPA: 8.70 / 10

Bachelor of Computer Science

2020 – 2023

Acharya Arts and Science College, Puducherry — CGPA: 8.74 / 10
