CAREER OBJECTIVE

I am a BE Computer Science fresher and I want to start my career in Software Testing. I have learned SDLC and STLC concepts and practiced writing test cases, executing them, and identifying bugs. I have tested real-time applications like Zomato, Swiggy, Facebook, and Instagram as part of project work to gain practical experience. I am looking for an opportunity in a good organization where I can apply my skills, learn from real projects, and contribute to delivering quality software. Even though I am a fresher, I am a quick learner, hardworking, and motivated to grow as a Software Tester

EDUCATION

BACHELOR OF ENGINEERING

P.B. College of Engineering

- Specialization in Computer Science Engineering

Nov 2021 - July 2025

Percentage : 71

Chennai, Tamil Nadu

HSC

DRBCCCH Higher Secondary School

July 2020 - May 2021

Percentage : 71

Tiruvallur, Tamil Nadu

KEY SKILLS

- Language: SQL, Java.
- Framework: Frontend for UI/UX in React, Backend for server Express.js(Node.js)
- Tools : Vs code, Eclipse, GitHub, MS
- SoftSkills : Vs code, Eclipse, GitHub, MS.

TRAINING

Q SPIDER INSTITUTE

March 2025 - September 2025

- Learned complete Software Testing fundamentals including SDLC, STLC, and different testing methodologies like Waterfall and V-Model.
- Gained hands-on experience in writing clear and effective Test Cases, Test Scenarios, and understanding Test Plans.
- Practiced various testing types such as Manual Testing, Functional Testing, Regression Testing, and Smoke Testing.

PROJECTS

SKIN CANCER PREDICTION USING DEEP LEARNING

Dec 2024 - May 2025

Python / Deep Learning / CNN Model / NumPy / PyTorch / NLP / Scikit-Learn / Tensorflow

- Developed a CNN-based model in Python to detect skin cancer from image data. Utilized a Kaggle dataset for training and achieved accurate classification through deep learning techniques.

BOOKING A DOCTOR APPLICATION USING MERN STACK

Nov 2024 - June 2025

JavaScript / Reach.js / HTML / Tailwind CSS / Node.js/MongoDB /Express.js

- The project is a Web application that allow user two book appointment with doctor manager their booking and enable doctors and admins to manage user and schedules.

CERTIFICATIONS

- Neural Network Deep Learning | Guvi
- MongoDB Node.js Developer Path for SmartBridge
- Artificial Intelligence
- Networking Essentials | cisco

March 2024

September 2024

October 2023

May 2023
