

VIGNESHWAR S

Software Test Engineer

+91-9790910021 — vigneshwar021275@gmail.com — Chennai, Tamil Nadu, India

Summary

Software Tester with a strong foundation in Manual Testing, API Testing, Mobile Application Testing, and Agile methodologies. Skilled in designing, executing, and managing test cases, identifying defects, and ensuring high-quality software delivery using tools like Jira. Experienced in analyzing application behavior, validating data, and collaborating with cross-functional teams to support reliable and efficient product releases. Immediate joiner, eager to contribute to quality-driven development in fast-paced environments.

Skills

Testing Skills: Manual Testing, Functional Testing, Integration Testing, End-to-End Testing, Mobile App Testing, Regression Testing.

API Testing: Postman

Bug Tracking Tools: Jira

Database: SQL

Methodologies: Agile (Scrum)

Tools & Technologies: MS Office, AWS WorkDoc

Experience

Associate, Quality Service

Mar 2024 – Present

Amazon India Pvt Ltd

Tools Used: Jira, SQL, Agile, Mobile Testing, AWS WorkDoc

- Executed functional, integration, and UAT test on **Amazon Flex (Amflex)** mobile application across Android and iOS platforms, ensuring build stability and alignment with business requirements, seamless user experience.
- Developed and maintained detailed test cases, test scenarios, and test data to enhance test coverage and reliability.
- Performed **Regression Testing** before each release, reducing production defects and ensuring stable application performance.
- Detected, documented and tracked **90+ Defects** using Jira, collaborating with developers to resolve critical issues and improve product reliability.
- Performed **End-to-End Testing** and **Data Validation** to ensure system integrity and accurate application behavior across workflows.
- Utilized **AWS WorkDocs** to access build files, store test artifacts and upload test evidence (data and videos) for future reference.
- Actively participated in **Agile ceremonies** including stand-ups and sprint planning, contributing to timely and efficient delivery cycles.

Data Aggregate Associate

Oct 2023 – Feb 2024

Lightcast Checktronix India Pvt Ltd

Tools Used: Web Crawling Tools, Data Processing

- Collected and structured **large-scale web data** using internal tools, ensuring accuracy and consistency across datasets.
- Analyzed website structures and extracted relevant data in structured and semi-structured formats for business use.
- Maintained data freshness and quality by implementing regular validation checks and updates.
- Collaborated with team members and trained new joiners on tools, processes, and best practices.

Awards & Certifications

- **Selenium WebDriver with Java Certification – Udemy:** Gained hands-on knowledge in automation testing concepts, including test scripting and framework basics.
- **Spot Award (2 times) – Amazon India Pvt Ltd:** Recognized for outstanding performance and contribution towards quality assurance and timely delivery.

Education

B.Sc Computer Science

2020 – 2023

Vel Tech Ranga Sanku Arts College Avadi, Chennai.

CGPA: 8.0 / 10

Higher Secondary (+2)

2019 – 2020

Railway Mixed Higher Secondary School, Perambur, Chennai

Percentage: 81
