SUMMARY

Detail-oriented Senior Associate Software Tester with 3.7 years of hands-on experience in software quality assurance. Proficient in Manual Testing, API Testing, Integration Testing, and UI Testing across diverse application domains. Recognized for innovative thinking and delivering high-quality software through systematic testing methodologies.

EXPERIENCE

Jul 2022 — Current

Senior Associate Software Tester

Gembrill Technologies Pvt Ltd, Chennai

Performed Manual Testing, Smoke Testing, Regression Testing, and Integration Testing across multiple application modules. Conducted API Testing using POSTMAN to validate REST APIs, ensuring data integrity and correct response handling. Executed Load Testing and Application Testing to assess system performance under various conditions. Carried out User Interface (UI) Testing to ensure seamless user experience and compliance with design specifications. Managed test cases and defect tracking using JIRA and TestRail for efficient test lifecycle management. Collaborated with development teams via GITHUB for version control and coordinated test efforts across sprints. Prepared detailed test reports, defect logs, and status summaries for stakeholders. Achieved 95% test coverage, significantly reducing post-release defects. Thirdparty CRM – HubSpot, Salesloft, Outreach, Apollo, Gong, Salesforce

Jun 2017 — Jul 2022

Subject Matter Expert

Scientific Publishing Services, Chennai

PROJECT PROFILE

Project Name: CoAST & CEL
Application Type: Desktop & Web Application
Duration: 01.06.2018 to 15.07.2022

PROJECT DESCRIPTION

- CoAST & CEL is a cloud-based automation tool
- CoAST (Content Auto Structuring Tool) is designed to help to avoid manual work of Technical Editor's.
- CEL (Common Editing Library) is designed to style the document based on pre-defined values.

- Defect Management

- The CoAST application helps to reduce the time of manual styling and processing time. It also helps to increase day-to-day production.

ROLES AND RESPONSIBILITIES

- Analyzed User Requirements and involved in Test Case Preparation & Execution for both Desktop Application & Web application
- Reporting/Tracking the defects in JIRA Tool
- Upgrade testing for both applications
- Performed function and non-functional testing (Integration testing, Smoke testing, Sanity testing, Regression testing, Exploratory testing, User acceptance testing, Performance testing, Compatibility testing, End-to-end Testing).
- Track and prepare the report of testing activities like testing results, test case coverage, required resources, defects discovered, defects resolution and closure.
- Attending defect meetings and constant follow ups with Developers to ensure timely resolution of bugs and new features
- Identification of defects and provide solution
- Provide development ideas for tool features
- Showcasing demo to Clients
- Supporting the Technical Editor's users in understanding the application
- Mentor other team members on product/application features/functionality and domain.
- Conducting knowledge transfer session to new team members

Jan 2015 — Jan 2017

Technical Editor

TNQ Books & Journals, Chennai

Worked as Technical Editor in TNQ Books & Journals, Chennai (2015 Jan – 2017 Jan) Involved in editing the document. Check the Manuscript for Punctuation, spelling, clarity and subject verb agreement. Done a Separate Project names "CHROUS" in TNQ Books & Journals.

EDUCATION

Anand Institute of Higher Technology, Chennai (2010 — 2014)

B. Tech in Information Technology

Aggregate: 73.5%

St. Johns Higher Secondary School, Chennai (2009 —

2010) - Computer Science

Aggregate: 68%

St. Johns Higher Secondary School, Chennai (2007 —

2008)

Aggregate: 71%

AI TOOLS

Claude and ChatGPT to craft detailed prompts for generating scripts, storyboards, and visual concepts for kids' educational animation videos.

Used ChatGPT & Claude to generate test cases and scenarios, then logged and tracked them in TestRail for structured test management for daily production testing.

ACHIEVEMENTS

On-the-Spot Award – Recognized at TNQ Books & Journals for innovative ideas in internal tool development. Project CHORUS – Independently designed and delivered an internal project at TNQ Books & Journals, improving publishing workflow automation.

DECLARATION

I hereby declare that all the information furnished above is true to the best of my knowledge and belief.
