PROFESSIONAL SUMMARY

UI/UX Designer with hands-on experience in wireframing, prototyping, and responsive interface design using Figma. Skilled in creating user-centered web and mobile experiences with a strong visual design background in photography and front-end design.

WORK EXPERIENCE

Freelance UI/UX Designer

Designed CRM & LMS web dashboards and responsive layouts using Figma. Created wireframes, prototypes, and user flows for business applications.

Academic Educator – Magic Bus India Foundation

Delivered coding and computer science sessions with engaging digital learning materials.

Freelance Photographer & Album Designer

Managed wedding client projects, album layouts, and visual storytelling for premium event photography.

PROJECTS

Fida's Business Portal

- Designed CRM/LMS dashboard interfaces for admin and customer workflows.
