EDUCATION

KS Rangasamy College of Technology, Tiruchengode

B.Tech - Information Technology

2022–2026

CGPA: 7.5

TECHNICAL SKILLS

Programming Languages: Python, Core Java

Database: MySQL

Testing Skills: Manual Testing, Test Case Design, Functional Testing

Tools and Technologies: JIRA (Bug Tracking), Postman (API Testing), Selenium, Playwright

DevOps : CI/CD, GitHub, Jenkins, Docker, Terraform

Cloud Computing : AWS (EC2, S3, VPC, IAM, RDS)

INTERNSHIP

QA and Frontend Testing Intern — The Logo Partner Designing

April-2025

Performed manual testing on web applications to identify UI and functional defects. Validated application responsiveness across different browsers and devices. Executed test scenarios and reported bugs to improve software quality. Collaborated with developers and designers to verify fixes and enhance user experience.

PROJECTS

CI/CD Pipeline – Simple Registration Application

- Built an automated CI/CD pipeline using Jenkins and Maven on Linux.
- Deployed application to AWS EC2 and S3, improving delivery efficiency.

Web Application Test Automation Framework using Playwright and Python

- Developed automated test scripts using Playwright and Python to validate web application functionalities and reduce manual testing effort.
- Implemented Pytest framework for maintainable, reusable, and scalable test automation.

NLP-Based Financial Document Simplification System — QA Testing

- Designed and executed 50+ manual test cases covering functional, boundary, and negative test scenarios for the NLP summarization module.
 - Tracked and reported 15+ bugs using structured defect logs (severity, steps to reproduce, expected vs actual output) — simulating JIRA-style reporting.
-

CERTIFICATIONS

- GitHub Foundations Certification
- MongoDB Database Certification
- Oracle – Professional Cloud DevOps
- Cyber Security and Privacy — NPTEL

HACKATHON

- Semi-Finalist — Manas Codethon (Government of India)
 - Participated — Smart India Hackathon (Government of India)
-

INTERPERSONAL SKILLS

- Teamwork • Adaptability • Quick Learner • Innovative Thinking
